## Springwater Bicentennial

Dear Friends,

In 2016, Springwater will celebrate its 200<sup>th</sup> birthday. This will be a town event. I have volunteered to be the town liaison for the Town Board. This event will celebrate the history of Springwater from its inception to now.

Some possibilities are (but not limited to): historical reenactments, historical displays, parade, contests, fireworks, antique cars and tractors, period costumes, music, town wide yard sales, and possibly even a carnival. Local businesses and farms could showcase their products and histories. Maybe our churches could put on an old fashion tent revival. Our local organizations could showcase their causes and histories with possible open houses. This event could be held one weekend or progressive weekends with events scheduled as many weeks as needed. These are just a few possibilities; the options are endless.

I'm looking for at least, but not limited to, one volunteer from each organization, church, business, farm, and any group of people interested in helping to plan this event. Anyone wishing to be involved is welcome. We have three years to plan this event. On October 3, 2013, we will meet at the town hall at 7:00PM for our organizational meeting. Here we will elect a chairperson, decide when and where to hold meetings, and start outlining ideas.

I look forward to seeing and meeting a lot of people. Lets try to make this the best event Springwater has ever seen. Remember, the more effort we put into this, the more we will get out of it. Please start listing ideas and bring them to the meeting.

Thank you,

Steve Cowley  
Springwater Town Councilman
